The Town Excited as Never Before by the Lynchers and the Antis.

Trouble Was Hourly Expected But a Temporary Truce Was Patched Up-Indictments Against Several Lynchers-Armed Guards on Duty.

Mr. Sterling, Ky., Jan. 26. - Detective Drake arrived here Friday morning from Beattyville, where he had been taken, charged with murder. He was accompanied by Deputy United States Marshal Bird, of Jackson, and other officers. When the crowd got off the train there was considerable excitement, and for awhile it looked as if there would be war between Drake and his friends on one side and the city police on the other.

A committee of citizens, after hearing a report that Drake and his friends had come to arrest every man impli-cated in thelynching of Blair, including Chief of Police Charles Wilson and his lieutenant, Samuel Turney, waited on Judge Cooper and County Judge O'Rear. They pleaded that the imported officers and detectives be not allowed to arrest citizens of Montgomery county, the committee unanimously voicing the opinion that if such a thing be attempted many valuable lives would likely be sacrificed.

Judge O'Rear was soon convinced that it would be better to allow the officers of Montgomery county to make the arrests, but Judge Cooper dismissed the committee curtly, his only reply being that he would see about it. Detective Drake stated Friday that neither he nor his deputies would attempt to make any more arrests; that Jailor Chenault would serve the warrante.

Upon arriving at Beattyville Thursday night Drake was taken before the county judge of Lee county, who held him in \$15,000 bond to appear next Tuesday. As soon as the people of Lee county heard of Drake's arrest they gathered in such numbers that the courtroom was not able to hold them. and every man who owned a piece of property wanted to sign his bail bond. Bvery lawyer at the Reattyville bar volunteered his services to defend

An effort was made to serve a subpocens on Charles Rateliff, the young man of this city who swore out the warrant against Drake, but he could not be found. His brothers, who feared he would get into serious trouble, spirited him away.

Drake's friends did not come armed to help him fight, but simply as a committee to testify to the Montgomery authorities that he was a man of high character. These gentlemen left on the 3 o'clock train for their homes. Marshal Bird alone remaining to assist

No arrests were made Friday, but the grand jury is still investigating the matter, and has examined a great many witnesses. Indictments will Blair.

The lynchers of Blair are known. Crowds that assembled in the saloons and hotel office openly discuss the subject and one or two have admitted that they participated. The contest now is of Montgomery county and Taylor Young's influential faction.

Chief Wilson is known to be friendly to Young's sympathizers, and if he has the warrants, instead of Jailer Chenault, as is claimed Friday night, this fact is significant. Armed guards still attend Judge Cooper's court. Threats against Marshal Drake are heard on every hand.

DLate Friday night Marshal Drake held another conference with Chief of Police Wilson, and insisted that a number of warrants should be served Saturday morning. Chief Wilson refused and Drake reiterated his threat that he would arrest Chief Wilson and Policeman Sam G. Turley. Drake was told that he could not arrest the officers. Chief Wilson said he would die first. Turley said to a reporter:

'We will die in our tracks before we submit to Drake. He does not dare to best citizens of Montgomery county me and that is all I want.

The Consuming Demand Has Not Increased This Month, as Was Expected. NEW YORK, Jan. 26.-R. G. Dun & Co.'s Weekly Review of Trade, issued

Saturday, says: "Events have not helped business this week. About \$10.880,000 gold has been withdrawn from the treasury, mainly for export, and the gold reserve has been reduced to about \$58. 000,000. Since December 8 the treasury has lost, in thirty-nine working days, about \$53,000,000 gold, and daily increasing distrust is liable to effect

markets unfavorably. "Industries have not as yet found sufficient demand for their products to prevent a further decline in prices, and this week the average for all commodities has again touched the lowest point ever known. The number of hands employed does not increase, and a strike has cut off for more than a week about half the business of Brooklyn, to some extent affecting trade here. Congress has done nothing to replenish the treasury, and a great variety of financial doctors, each offering his remedy, does not promise health for the patient. Another issue of bonds under the old law and existing circumstances might result unsatisfactorily.

"At bottom, business hesitates because the future is clouded and the consuming demand has not increased in January, as was expected. In the belief that it would, industries had enlarged production, and until it does the excess of producing capacity constantly tends to depress prices.

"Payments through all clearing houses appear a shade better compared with last year, gain-ing 1.4 per cent., but worse compared with 1893, losing 33.6 per cent Only about 10 per cent. of the loss is due to gain in prices since January 1893. Liabilities in failures for seven teen days of January were \$7,501,309 against \$13,668,990 in eighteen days last year, the loss in trading concerns failed being \$5,894,160, against \$6,800,-

"Failures this week have been 363 in the United States, against 430 last year, and 59 in Canada, against 55 last

THE BROOKLYN STRIKE.

Twenty-Five Men Kidnaped by a Strikers' Committee-An Explosion.

BROOKLYN, N. Y., Jan. 26.-Friday afternoon there was a howling mob in front of the Seventh precinct station at Greenwoint surrounding a string of cars, which have been deserted by the motormen. Mexico and Guatemala About to Begin Hostilities.

Guatemala Claims That the Territory in Dispute Belongs to Her.

A Declaration of Mexico's Position Looked for-Large Number of Troops Airendy on the Frontier-Mexican Consul Given Passports by the Guatemaians.

CITY OF MEXICO, Jan. 26.-Guntemala's answer to Mexico's ultimatum was received Thursday night, to be presented to the cabinet and president at 10 o'clock Friday morning. It is stated that Guatemala's answer is to the effect that the territory disputed belongs to her, and if an indemnity is paid, Mexico owes it to Guatemala.

NOGALES, Ariz., Jan. 26.-A Mexican paper, La Independente, printed on the Mexican side of the line, prints the statement that the Mexican consul in Guatemala had been given passports by the Guatemalan government, thus terminating the friendly relations exsting between the governments.

It is also stated that the secretary of state of Mexico, at the City of Mexico, has notified all consuls of the government of this fact by telegraph.

The Mexican consul here denied the truth of the statement, and called upon the editors of the paper, who have since asked for warrants for his arrest on the charge of assault. They reiterate the truth of the statement, and hold that the consul is endeavoring to misrepresent the facts.

CITY OF MEXICO, Jan. 36 .- The declaration of Mexico's position may be expected inside of four or five days,

The war department in this capital is all activity. The entire office forces are working over hours and an unusual spirit of life and general animation is seen on every hand. The number of troops already on the frontier is 18,000 and several brigades are in readiness to be pushed to the front at a day's no-

Throughout the republic the same activities are noted, and there is no doubt that Mexico could put 50,000 men on the Guatemalan frontier within a week or 10 days should occasion demand. The general health and equipment of the Mexican troops now in the south are very good, and reports from the probable seat of var are that the soldiers and officers are in high spirits and anxious to oush forward at the command from leadquarters. It was reported Thursday at Salina Cruz, in the state of Onxaca that arrangements are being nietly made by the Mexican war anthorities for the Guatemalan invesion as soon as hostilities are declared. The theory is that the armed covette Zaragosa, the gunboat Oazaca, and all the Mexican boats on the Pacific coast will be employed in landing troops at San Jose, Guatemala, or at some other convenient point.

Immediately on landing, the forces will be pushed with all possible speed across the country toward the capital, which lies only about fifty miles from the coast, and where it is naturally exsected the hard fighting wil

At the same time the famed Mexican rural forces will be ready to start from the various points on the border now occupied by Mexican troops and cavalry, sweeping through the country like a whirlwind.

The rurals will aim to clear up things as they go, and be on hand and ready to co-operate with the sea forces by the 4.50, fair to medium, \$2.25 24.00; time they have arrived before the City of Guatemala.

The artillery and other heavy guns will be shipped by sea, and, as the Guatemalans will probably do all in their power to prevent a landing of the Mexican forces it is evident that the artillery mounted on the Mexican ships, and that designed for besieging service, will be immediately brought into

In this event, as there are several good landing places along the Guatemalan coast, there will be no difficulty in eluding the epposition should it be shown at the regular harbor.

The Guatemalan forces are altogether too small to put up a good fight at more than one or two points, and so Mexico will have probably little trouble in gaining a landing.

Wheeling Goes Republican. WHERLING, Jan. 26 .- At the city election Friday the republicans made a

clean sweep of the city for the first time in many years by majorities for mayor, chief of police and city clerk ranging from 400 to 1,000. The city council is almost solidly republican. At midnight it looks as if there will be only two democrats in the council. The police force and council have been democratic for years.
